

NSW Driver Trainers Association **Urgent Newsflash August 2014**

NSW State Conference

Time is running out to register your attendance at our State Conference on August 22nd at Darling Harbour Novotel. Places are limited and running out so don't miss your opportunity to attend this great event. Don't forget the cost of registration includes conference entry, morning tea, lunch and an entry into the draw for a prize valued at around \$500. Value!

To view details of the conference and the registration form, please go to:

<http://nswdrivertrainers.com.au/ndta/state-conference/>

Following our guest speakers we will be having an open forum question and answer session, which will be your opportunity to ask any questions you like about the industry/association/teaching etc or to express your concerns. This great event is also an opportunity to meet fellow members and network with other instructors. We have found in the past this is one of the most enjoyed aspects of attending these sorts of events.

So come on and register. We are looking forward to seeing you.

Cancelled Safer Drivers Course Training

We recently were informed of the cancellation of the next scheduled dates for coach and facilitator training for the Safer Drivers Course. Please see the information below.

The Safer Drivers Course Facilitator and Coach training scheduled for August 2014 has now been postponed due to insufficient numbers.

The next sessions are scheduled for:

- Thursday 6 November 2014 – Facilitator training.
- Friday 7 November 2014 – Coach training.

Those who booked into the August 2014 sessions will now automatically be included in the November 2014 sessions.

As indicated before, where there are insufficient numbers for the sessions that are routinely scheduled three monthly, training is held over until the next scheduled date at which time training will take place irrespective of numbers booked in. Those who have booked for a session that does not run have first priority placement in the next scheduled training session.

PCYC Safer Drivers Course

The PCYC is still looking for more coaches to service some of its clubs in delivery of the Safer Drivers Course. Some clubs have very few coaches working for them which makes it difficult when scheduling module 2 sessions of the course and others wanted to alter their delivery model of presenting module 1 and 2 on the same day, however they need at least 6 coaches for that club for that to work.

In particular they would be seeking instructors who have already completed the day training course, either under the PCYC name or even with another service provider. This would speed up the ability to start work, however if need be they will also take instructors who need to complete the training. If you already deliver the course and would be happy to expand your area of work to other clubs, then you should also consider this opportunity.

If you're interested, you need to contact Jenny Davidson at PCYC. Also if you know any instructors who may be trained and are members of ADTA NSW and are looking for more work, please let them know that this opportunity exists, however they will need to join our association to be able to participate. Contact Jenny at:

Cancelled Cops and Rodders Show

We were also recently made aware of the cancellation of this year's Cops and Rodders show that we have a regular stand at. It has been cancelled for 2014 due to upgrades being performed on the grounds where it is held. The organisers are trying for November 8th, 2015 for next year and we will keep you informed of any developments. It is unfortunate that it has been cancelled and I would like to thank those that had already responded with offers of help on the day to man our display.
